April 10, 2020

Dear Valued Distributor,

Due to unprecedented worldwide demand and very limited supply, our suppliers have increased the prices of all disposable gloves substantially.

The good news is that we are at least able to keep the supply chain going and are able to increase the allotment by around 50% every month due to new purchases and supply - however, the prices have to be adjusted to reflect our new costs.

You will find attached below, and in the link provided, the new prices on all the disposable gloves effective immediately -

However, situation on safety items like coveralls and aprons and shoe covers etc. is still unclear- we will update you as soon as we know more.

We appreciate your understanding during these difficult times and look forward to working with you all

If you have any questions please reach out to your sales rep.

WT Management

Sincerely,
Sunil Daga
President
