March 7, 2022

Dear Valued Customer:

Our resin suppliers have a previously announced increase nominated for March 1st, 2022. This is partly due to recent international events and the ensuing rise in oil prices.

In addition, we continue to experience significant increases in non-resin supply costs like freight, labor, packaging, pallets, cores, etc. We have tried our best to absorb these costs by increasing operational efficiencies, however now considering the inflationary pressures that we experience, we need to pass a portion of these increases.

As a result, Wrap-Tite will enact an 6-8% increase on all new stretch film orders placed on or after March 28th, 2022.

Orders placed prior to the adjustment will be limited to a historical 30 days of supply.

Please visit us at www.wraptite.com or reach out to your Sales Rep with any questions that you may have. We appreciate your support through these challenging times.

Sincerely,

WT Management
