March 24, 2020

Dear Valued Distributor,

Due to the coronavirus pandemic, we have a worldwide shortage of gloves and safety products. We have also received a number of price increases due to the shortage of raw materials, limited production capacity with huge increase in demand as well as countries limiting exports of these items.

With that said, we strongly encourage all of our valued distributors to follow health experts pleas to direct your sales of these very limited PPE supplies to the many channels of healthcare operations.

We will get limited quantities for the remainder of the year- and will have to allocate based on the last 12 months of purchases. Please click the link below to see the chart for current pricing on all of our gloves effective immediately.

On the safety products, we do not have any product or the new prices- we will update you as and when we know what our costs are.

Thanks for your understanding under these conditions- Be safe and healthy.

Sincerely,

Sunil Daga
President
