**March 23, 2020**

**Friends,**

In light of the above "Stay at home" order that will be implemented from today at midnight- I would like to let all of you know that as part of "Essential Business and Operations" **WrapTite will continue its business as usual.** In spite of the current conditions, we need to make sure that we all do our part to keep the wheels of the Economy moving and keep USA strong.

As more and more states pass similar "Stay Home" orders- we will do the warehousing and shipping for our **distributor partners and will do blind/drop shipments on their behalf** to the end customers in critical industries. The orders with one item ships out the next day and with 2-3 items will ship the following day.

Also to make it easy we just **implemented a new website which will allow you to place orders remotely and allow you to manage the complete business with us from there.**

Please remember we **do \$ 1250 orders drop shipped anywhere in the country-** as long as the end customers business is open. The order can combine all of the 1500 sku's that we carry which include **stretch film, tapes, poly bags, mailers, PLE and safety products and gloves** (though these are on allocation currently).

**We are your one stop shop for all your packaging, shipping and safety supplies.**

Thanks for all your support and understanding in the current conditions.

**If we can be of any help, please let us know.**

**Sincerely,**

**Sunil Daga**  
President
