June 23, 2021

Dear Valued Customer:

Our resin suppliers have a previously announced increase nominated for June 1<sup>st</sup>, 2021. Demand outpaces supply as resin suppliers struggle to keep up with the demand and try to have adequate inventory necessary for planned maintenance and hurricane season.

In addition to the above increase, we have also seen tremendous increases in all other costs, including freight, labor, packaging and all other supplies which go into making stretch film.

In response to the above increases, Wrap-Tite will be increasing prices on all of its stretch film anywhere between 5-7%, effective **July 5<sup>th</sup>, 2021**.

All orders must call for immediate delivery. Based on limited resin availability, we will only accept a limited number of new orders. Wrap-Tite reserves the right to accept or decline any order for any reason.

We appreciate your understanding and thank you for your continued support. If you have any questions, please reach out to your sales representative.

Sincerely,

WT Management
