July 17, 2020

Friends,

We hope all of you are safe and healthy during these challenging times.

Due to recent unplanned outages and strong demand both domestic and overseas, **resin producers will be implementing their previously announced increase effective July 1st. In response to this, Wraptite will implement an increase of 6% on stretch film effective Aug. 3rd, 2020.**

In addition to the above increase- resin suppliers have nominated another increase for Aug. 1st. If this were to be implemented- then it will be subject to another future announcement.

All orders must call for immediate delivery. Based on current lead times and resin availability, Wraptite will limit the orders based on past history and reserves the right to accept or decline orders for any reason.

Please reach out to your sales rep. if you have any question. We look forward to working with you.

Also we are happy to announce the introduction of our **metric- hi performance hand film- "Shield Max" made with premium resins- with right balance of stiffness and puncture resistance- to offset the increases and replace the 65/70/80/90 ga films.** Please reach out to your sales rep to get more details on this product-

Shield MaX - Ultra Hi Performance Hand Film

SPM1865AM 44cm x 450m x .09mm 4rls/cs

SPM1870AM 44cm x 450m x .11mm 4rls/cs
