WRAP TITE

Join us in contributing to a sustainable, circular economy...

RECYCLE

both your and your customer's clean, used stretch film. Help us keep it out of landfills!

FAQ's about the program:

- **Where is the scrap plastic to be sent?**
 - All plastic scrap is to be sent to BDB Recycling Services at 6075-C Cochran Rd, Solon, Ohio 44139.
- **Is it okay to mix colored scrap with the clear scrap?**
 - Yes, it is okay to mix colored and/or printed scrap with the clear scrap.
- **Is it okay to mix different grades of plastic?**
 - No, please do not mix different grades of plastic in the same bale or same Gaylord box. Typical stretch wrap scrap should all fall under Grade 4. (We currently only accept Grade 4 plastics.)
- **What if the plastic is not clean?**
 - Please get in touch with us. While we cannot currently process contaminated plastic scrap, we may be able to find a home for it, to keep it away from the landfill.
- **What will the program cost?**
 - You will only be charged the freight cost by BDB Recycling Services. If you arrange your own freight, there is no cost to you.
