***April 21, 2020***

***Friends,***

**Due to current corona related situation and huge demand on the protective wear worldwide- there has been a tremendous increase in prices of non woven PP and other similar raw material - and further shortage in labor etc. – have resulted in tremendous increase in prices on all protective wear.**

**We have been able to get very limited supply of below safety products- but at much higher cost. We also are working on getting more safety items- and with those arrivals in Sep./Oct. the prices may be even higher. We have limited stock of below items at the below mentioned prices-**

**All these products and prices are on first come basis- and only apply till stocks last.**

**If you have any question, pls let us know. We appreciate your understanding during these difficult times and look forward to working with you.**

***Sincerely,***  
***Sunil Daga***  
***President***
