FDA Food Compliance Declaration

To whom it may concern:

All Wrap Tite Disposable Shield Gloves are certified under FDA Title 21 CFR Part 177, which states that the components of the glove comply with the FDA regulations and the gloves consist of "Substances generally recognized as safe for use in food or food packaging."

However, the quality and safety of disposable gloves is limited to Letters of Compliance and Guarantee on the general make and model of the glove submitted for testing, not necessarily the glove you are holding in your hand.
